Richmond Gets $428,000 For Harbor

MERCHANTS TENTATIVELY AGREE TO JOIN SEQUOIA

PERMANENT ORGANIZATION EFFECTED AND CONSOLIDATION WITH OLDER BODY MAY COME TO PASS IN NEAR FUTURE—PERMANENT OFFICERS OF NEW ORGANIZATION NAMED—NEW BODY WILL BE IN POSITION TO AMELIORATE CONDITIONS IN COMMERCIAL LINES IN RICHMOND

The merchants of Richmond effected a permanent organization last evening at a meeting held in the card room of the Sequoia Commercial club, on Macdonald avenue. Soon after the meeting had been called to order it was agreed among those present to form a permanent organization and to take the matter of consolidating or affiliating with the older body up at the next meeting of the Sequoia Commercial club, which will take place on next Friday evening. All the principal business houses of this city were represented at the meeting.

It was tentatively agreed last evening among the members of the new organization to join forces with the Sequoia Commercial club, providing an agreement as to entrance fee can be perfected and also a suitable understanding as to monthly dues. It is said the entrance fee will probably be fixed at $3.00 and the monthly dues at $2.50.

The permanent officers selected last night were, President, Harry Adkison, vice president, Chas. O. Yonce, secretary, Stanford E. Philpott, treasurer, H. W. Pulse.

Kilroy Gets Five Years
Boot Black Makes Plea

William Killroy the youthful burglar who broke into Israel's store in Pittsburg recently pleaded guilty to burglary in the second degree Monday afternoon in the superior court at Martinez, and because he could not or would not give a good account of his life for the past several years, Judge Lattimer became suspicious of his protests of previous good character and sentenced him to five years in San Quentin. Killroy's attorney, T. H. DeLap, asked that the probation officer investigate the case and two weeks was allowed for this purpose, although the court stated that it was very doubtful if Killroy will be found deserving.

Killroy was arrested in Richmond by Officer Munday on the night of December 31st on suspicion of being a much wanted yegg. He was subsequently released by the police.

Joe Ginotti the Italian boot black of this city, charged with an unspeakable offense pleaded guilty and will be tried the latter part of this month.

ONE HUNDRED THOUSAND FOR THE INITIAL WORK

REPORT THAT RICHMOND APPROPRIATION WAS CUT BY CONGRESS NOT FOUNDED ON FACT—PRESS DISPATCH STATES FULL AMOUNT ASKED FOR WILL BE REPORTED INTO HOUSE TODAY—WILL BE INCLUDED IN GENERAL APPROPRIATION BILL—MONEY AVAILABLE SOON

WASHINGTON, Feb. 11.—THE SACRAMENTO RIVER PROJECT AND THE IMPROVEMENT OF THE RICHMOND INNER HARBOR WILL BE INCLUDED IN THE RIVERS AND HARBORS BILL WHICH WILL BE REPORTED TO THE HOUSE TODAY.

FOR THE RICHMOND INNER HARBOR THE BILL CONTAINS AN APPROPRIATION OF $428,000 WITH AN INITIAL EXPENDITURE OF $100,000.

The report published in the evening papers yesterday to the effect that the Richmond inner harbor appropriation had been trimmed down from $428,000 to $375,000 and the immediate appropriation from $100,000 to $75,000 by the rivers and harbors committee is said not to be true. The dispatch from the national capital printed herewith gives the amount to be appropriated by congress at $428,000 and is certainly correct.

It is probable the figures given by the dispatches last evening were the result of mistakes in transmission over the telegraph wires.

JUDGE AND JURY VISIT RICHMOND
VIEW SCENE OF AUTOMOBILE ACCIDENT

The jury trying the case of Arnold vs. The San Francisco-Oakland Terminal Railways company, together with Superior Judge Gregory, sitting in the case in extra session, came down from the county seat today on the Southern Pacific, and, headed by Sheriff Veale, went down to Smith Lane and San Pablo avenue, near the county line in automobiles, and viewed the ground where the automobile accident occurred. The jury afterwards came back to Richmond and had dinner.

The defense is now presenting its case, seeking to establish by many witnesses that the speed of the street car which collided with the late E. C. Arnold's auto was not an excessive speed and also that the accident might have been avoided. The case is being stubbornly contested on both sides and will probably not be completed before the end of the week.

The suit is for $75,000 damages.

SMOKING TO BE ALLOWED ONLY ON CAR FRONTS

Persons will only be allowed to smoke on the front section of the street cars in the future and not in the enclosed and rear sections as has been allowed in the past. Such was the order given out today by Superintendent Donnelly of the Richmond division of the Oakland Traction company, to all street car employes.

In the past the privilege of smoking in westibule cars has been granted men going to and from work but the cars become so obnoxious for the women passengers that the company has been forced to carry into effect its rule allowing smoking on the front end only.

Honest, now, did you ever hear any teeth gnash?

$10,000 COST OF PULLMAN CLUB HOUSE

A building permit was issued by City Architect J. R. Ogburn to the Pullman company today for the erection of its new club house which is to cost $10,000.

The building is to be two stories in height and will be equipped for with every modern convenience for the use of the several hundred employes now at work at the plant. Work on the new structure will be commenced immediately by the contracting firm of Frank J. Gardner & company of San Francisco.

The heathen husband of a great church worker is apt to be prejudiced against preachers.

All some men do is help out.

"NO GROUND DONATED YET" SAYS MAJOR M'LAUGHLIN

"The East Richmond Heights company has not donated any land for hospital purposes yet," said Major Dan McLaughlin, general manager of the land corporation today, when asked about the report that his firm has donated three acres to the Sisters of Mercy for the purpose of erection on the company's tract a $60,000 hospital. "I was approached in reference to a proposition to donate three acres for hospital purposes by representatives of the Sisters of Mercy from Providence Hospital, Oakland, but I passed the matter up to the board of directors of my company, continued the Major, "and I could not really say how they will look at the proposition. Personally I would like to see the hospital. Personally I would like to see the hospital built, as they have agreed to erect a magnificent building to cost $60,000 and it would be a big thing for Richmond and vicinity, but the directors of the company may see the matter in a different light."

TRANSFORMER WRECKER IS FOUND GUILTY

Charles W. McAlpine was convicted by a jury in Judge Ogden's court yesterday of dynamiting transformers belonging to the Pacific Gas & Electric company in Berkeley during the recent strike of the employees. McAlpine was convicted of a charge of assault with a deadly weapon two months ago and is now under two years' sentence in the county jail for that offense. Sentence on the dynamiting charge will be given Tuesday.

McAlpine is also suspected of having dynamited transformers of the Western States gas and electric company, the local public service corporation, in the annexed district. He is also accused of having blown up transformers near Concord several months ago.

A man has many ambitions, but being the Guest of Honor is rarely his notion of a good time.

EXCITING CHASE THROUGH TUNNEL FOR SLICK THIEF

George Renwick was arrested after an exciting chase through the Santa Fe tunnel by Sergeant Ruiz at a late hour last evening on a charge of having stolen a watch from Pete Tastici.

According to Tastici, he was standing talking to several of his countrymen on Railroad avenue when Renwich happened along and while engaged in the conversation lifted the watch from his pocket. The police were immediately notified of the robbery and Sergeant Ruiz, accompanied by Officer Betts, started a search for Renwich. The dim outline of a man was seen making its way toward the Santa Fe tunnel and two officers started in hot pursuit, cornering their victim just as he was emerging from the west end. When searched at the police station he was found to have a watch which was identified by Tastici as his own, together with a number of skeleton keys and a large knife.

SMALL NUMBER OF G. A. R. TO SPEAK TOMORROW
CIVIL WAR DAYS TO BE RECALLED ONCE MORE

Tomorrow, Lincoln's birthday, will bring with it memories to the seventeen battle scarred Grand Army veterans, who are residing in this city, of the days when Sherman made his wonderful march to the sea; of Sheridan's 40-mile ride, and of the last days of the great civil war.

Although but seven of the gray-haired veterans will be able to speak at the Lincoln Day exercises to be held at the Richmond schools the rest will spend the day in thinking of the days when they marched to the tune of "Columbia" or "Dixie."

Along with the G. A. R. Veterans will go a number of ladies of the G. A. R. together with several of the Spanish war veterans. Those who will attend the exercises are as follows: Levi Beswe'l, Col. John Nell, J. H. McCausland, H. Galvin, J. J. Lee, H. Vance, and H. Washburn. The ladies of the G. A. R. who will accompany the veterans are Mrs. J. Hyatt, Mrs. J. H. McCausland, Mrs. H. Vance, Mrs. J. S. Moyle, Mrs. John Nell, Mrs. O. L. Dietrich, Mrs. Tyler, and Mrs. E. Griffin.

The veterans of the Spanish war who will attend the exercises are E. E. Grow, A. M. Duff and H. Yager.

"To Observations Which Ourselves We Make, We Grow More Partial for the Observer's Sake."

LET US ALL GET BUSY!

With good times coming up all over the country under the new tariff and currency laws; the Panama canal finished and soon to be pouring its stream of human and other freight from all parts of the world upon our shores; with the great International Exposition soon to draw millions of people from all sections of the globe to California and San Francisco; with money loosening up and hundreds of thousands looking for investments, and with monster crops assured for the country and the state, it is time for everybody in California, and especially the bay region of California, to be up and doing, for there is much to do, and big profits in sight for doing it.

Richmond has every reason in the world for being active right now, and no reason for not being so. The United States government is now Richmond's side partner in building the great inner harbor, an appropriation of $428,000 having passed the federal rivers and harbors committee of congress a few days ago, and we have close to a million on hand ourselves towards this big enterprise, which of itself is to make Richmond a great world's shipping port—certainly we have every incentive for activity and for rejoicing.

Richmond wants more factories, more people, more shipping, more everything, and the way to get all that is to go after it, go after it hard and keep on going after it.

Pinole, Crockett, Martinez, Pittsburg, Antioch, and all other shipping points of the county need more factories, and more payrolls, and they, too, should get busy now, while "the going is good." All these towns should stir up their commercial bodies with a big stick, and let the outside world know just what they have to offer. They are all good factory towns and have everything to offer that manufacturing plants want, but manufacturing plants are not mind-readers any more than anybody else. Concord, Walnut Creek and the interior towns should likewise be up and stirring, for there are hundreds of thousands of people traveling thousands of miles and spending hundreds of thousands of dollars looking for just such agricultural advantages as they have in vast abundance.

Hey, there, you fellows! "Let your light so shine!" Quit hiding it under a bushel! Wake up! Opportunity is knocking at your doors loud enough to be heard around the earth!

At a recent meeting and luncheon of the Richmond Industrial Commission in San Francisco a resolution was passed to the effect that it would be beneficial to Richmond and all parties concerned for the Commission, Sequoia Commercial Club and the West Side organization, to get together and form closer relationship, to the end that team work could be done for the general good and benefit of Richmond and all its interests and all its people. In accordance with this desire on the part of the Industrial Commission, which has done a world of good for this city, a committee was named, composed of President George Wall, Claude Gignoux, Herbert Brown, H. C. Cutting, J. S. Miller and J. H. Foreman, to confer with the Sequoia Club officers, arrange a date for a big get-together meeting and banquet soon, to celebrate the harbor appropriation and the actual commencement of the tunnel work, and map out a plan of campaign for the current year in which every possible effort shall be made to accomplish great things for Richmond.

This is a fine plan, and should be consummated at once, the sooner the better. The Sequoia Club needs cherking up a bit, now that the rainy season is over and the time to get busy has arrived, and it is to be hoped that every man in Richmond who amounts to anything, or wants to amount to anything, will rally to this effort. The local boost club should have no less than 500 active members in a city this size, which would give the club $750 a month to work with, so it can accomplish something worth while.

The time is now, the needs of the case are urgent. Do you belong to the Sequoia Commercial Club? If not, why not? If you do not, then do not hesitate another day, but hurry and get your name on the roll of honor, pay your dues and help the town grow that gives you your living and your profit. Get your shoulder to the prosperity bandwagon!

The school bond election in Richmond last Saturday carried by an overwhelming majority, the vote being for the bonds, 1335 to 500. This gives the harbor city an opportunity to spend $150,000 for additional school accommodations. Schools, churches and factories, always make a good town, and Richmond is in that class.—Concord Transcript.

DOUBLY PROVEN

Richmond Readers Can No Longer Doubt the Evidence.

This Richmond citizen testifies long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed.

Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. James Wright, 1119 Roosevelt avenue, Richmond, Cal., says: "I was troubled all the time with weakness and pains in the hips and loins. I was almost laid up. I got up in the morning feeling so tired, lame and worn out, that it was all I could do to start my housework. My kidneys were weak and if I caught cold, it always made me feel worse. I tried everything I heard of, but didn't seem able to get relief until I began taking Doan's Kidney Pills. I soon felt like a different woman. After I had used four boxes, all the ailments had gone and my health was fine."

No Trouble Since.

On April 21, 1913, Mrs. Wright was interviewed and said: "I haven't had a sign of kidney complaint since Doan's Kidney Pills cured me some years ago. You may continue using the endorsement I have given them before."

SPANISH WAR VETERANS TO CAMP AT MARTINEZ

MARTINEZ, Feb. 11.—Plans for the annual encampment of the United Spanish War Veterans of California which is to be held in Martinez this year are being made and the committees in charge of the preliminary arrangements are now getting down to business. The enthusiasm with which the citizens of the town generally have received the proposition speaks well for the progressives of Martinez and when the veterans gather here during the month of May they will be given entertainment which has never been surpassed in any city which they have visited.

The encampment will convene on Monday, May 11th, and will be in session throughout the week as long as the business of the conventi continues and the city offers some form of entertainment. A. J. McMahon, one of the general committee on Saturday engaged the Matthews property on Ward and Berellessa streets for the site of the tented city which will house the delegates, their wives and families and other veteran visitors. This fine site is well drained and will be sanitary in every respect. Water is available close at hand and with the M. A. C. Hall available for the convention hall and the new Curry Theatre for entertainment and dance purposes those in charge of the arrangements do not anticipate any trouble in caring for the several hundred visitors who will be here for the convention.

SANTA FE HEADS MEET IN OAKLAND

OAKLAND, Feb. 11—With welcoming adresses by Mayor Frank Mott, Secretary A. A. Denison of the Oakland Chamber of Commerce and Joseph E. Caine of the Oakland Commercial Club, the three-day semi-annual conference of Santa Fe officials began in the Hotel Oakland.

More than 125 Santa Fe men were present, gathered from every division of the big road. I. L. Hibbard of Los Angeles, general superintendent, acted as chairman, and among the other important railroad heads present were: F. A. Bell of San Francisco, R. H. Tuttle of Winslow, Ariz., Superintendent J. H. Christie of Needles, Ariz., G. W. Lupton of San Francisco and F. L. Hanna of Oakland.

Although discussions were general there was a set programme of seventeen topics which must be threshed out. They include such as the proper inspection of cars for sugar and bean loading, grain in sacks, furnishing clean cars, overloading with citrus fruit, and the change in the present style of postal card used as notification of the arrival of freight for a consignee.

SHAKE-UP MADE IN SOUTHERN PACIFIC

SAN FRANCISCO, Feb. 10—A sweeping reorganization of the entire Pacific system of the Southern Pacific company was announced yesterday by Vice-President and General Manager W. R. Scott, the announcement coming as Scott's first official act since he assumed the title of vice-president last Saturday in addition to his former one of general manager.

Although no official heads will fall immediately as a result of the plan of reorganization, there is a general shake-up among officials extending from Los Angeles to Portland, and at least one high-salaried position goes glimmering. This is the post of general superintendent of the central district, which was vacated two months ago by J. M. Davis. Under the new plan no provision is made for such an office.

The most important change is in the order which abolishes the offices formerly held by three general superintendents and three district engineers, and establishes in their stead two new offices as assistant general manager and two new offices as maintenance of way assistants. As a result of this change D. W. Campbell, formerly general superintendent at Portland, becomes assistant general manager, with headquarters in the northern city, and H. V. Platt, former general superintendent at Los Angeles, becomes assistant general manager, with headquarters in Los Angeles.

Hereafter the Pacific system will be divided into two major districts, instead of three, with Vice-President and General Manager Scott as the executive head and Campbell and Platt as his assistants, each of the latter being vested with full authority in his territory.

The coast, Stockton, San Joaquin Los Angeles and Tucson will be known hereafter as the Southern district, while the western Salt Lake, Shasta, Sacramento and Portland divisions will be the Northern district.

Face to Face Courtesy

GOOD telephone service depends largely upon mutual courtesy. The telephone is more useful to those who talk as if face to face, for civility removes difficulties and facilitates the promptest possible connections.

As in other intercourse, it often happens that two or more people wish to talk with the same person at the same time. Without courtesy confusion is inevitable, and the confusion is greater when the people cannot see each other.

The operators must be patient and polite under all circumstances, but they will do better work if they meet patience and politeness on the part of telephone users.

The Bell Telephone Service enters intimately into the social and business life of each individual. The best results come through the practice of mutual courtesy.

If accepted Contra Costa will be the first county of the state to take advantage of the courteous invitation and it is hoped to have the supervisors and county officials attend at the same time.

WEST SIDE CLUB HOSTS AT JOLLY WHIST PARTY

The ladies of the West Side Improvement club held their monthly whist party in Fraternal hall this afternoon. Forty tables were used to accommodate the large number of guests present at the affair.

The interior of the hall had been prettily decorated for the occasion with daffodils by a committe composed of Mesdames Wiese, Eaton, and Adams, while the refreshment committee was composed of Mesdames Runyon, Hopkins, Murry and Cramer.

Local Mention

Pertinent remarks about well-known people in Richmond and happenings about town.

City Engineer Chapman is establishing a grade on Santa Fe avenue.

Former supervisor, C. J. Rihn, now residing in Los Angeles, was a visitor in this city today.

Mrs. Frank H. Welch, who has been spending several weeks at Calistoga on account of her health, returned home yesterday.

Mrs. J. H. Coleman, popular society matron of this city, is confined to her on Golden Gate avenue with a severe cold.

The condition of Chief of Police Arnold, who is confined in a hospital in San Francisco in charge of a specialist, is said to be improving.

John Delliardo, of the west side, has been notified by telegram from Washington, that he has been appointed special mail carrier to serve the Winehaven section.

Adolph Schwartz, well-known local musician, returned yesterday from El Segundo where he has been working for the Standard Oil company.

Frank Fray, of San Pablo, who has been ill for several days at his home, is reported to be gaining health and will soon be able to be up and around.

The coroner's jury impaneled to inquire into the death of the late Mark T. Sickal last evening returned a verdict of death from heart failure.

The postoffice will be closed tomorrow on account of Lincoln's birthday. The general delivery window will be open from 9 until 10 o'clock a. m. The banks of Richmond will also observe the day by remaining closed.

Father Ricard's reputation as a weather prognosticator is somewhat below par. He has missed the three storm periods prophesied for this month, namely, 2nd, 5th and 11th. Today should have been a "stem-winder" according to the padre of the rains, but Old Sol has shown his face all day.

ALPHA CLASS PLANS WASHINGTON PARTY

The Alpha class of the First Baptist church, at its meeting held in the reception rooms of the church, last evening, completed plans for their Washington birthday social which is to take place on Monday evening, February 23rd.

The committee which will have charge of the affair is composed of Walter Johnson, Miss Leona Adair and Wesley Eichley.

"WHAT SHALL WE EAT?" NEW UNIVERSITY COURSE

"What shall we have for dinner?"

The University of California is going to help the mothers of the state to answer that question. Correspondence courses in domestic science are now about to begin. They will be in charge of Miss Marguerite Cooley, a university of California woman trained professionally at Columbia.

One course will deal with the selection and use of food in the home. The classification, composition, and nutritive value of food materials will be taught, with consideration of the cost of various foods, so that menus may be prepared in which the different nutritive elements needed may be represented and yet conomy be observed.

The cook stove and the kitchen will be the laboratory equipment required for the correspondence course in the "Principles of Cooking." In this course will be taught the relation of different methods of cooking to the appetisingness and the digestibility of foods.

"Feeding the Family" will be the subject of a third correspondence course. In this students will be taught how children should be fed, what sort of fuel the growing boy needs for his internal furnace if he is to get along well at school, play good baseball, and do his farm or garden chores energetically and efficiently. Some of the prime elements of having a contented husband will be taught in this course, and also what is fact and what is fancy in the feeding of the sick and the convalescent, and what is fact and what is fancy in diets for the healthy as well as for the sick. This course on the "Feeing of the Family" is intended to be taken only after the completion of the course on "Selection and Use of Food in the Home."

These same subjects are now being taught to the women students at Berkeley, as well as how to discriminate in the choice of fabrics, and the principles of beauty as applied to dress and to the furnishings of the home. Household economics, the planning of family budgets, and the wise use of income are also being taught to the women students at Berkeley. It is hoped later on to have correspondence courses in these subjects too?

LADIES GUILD HOLDS ITS WEEKLY MEETING

The Ladies' Guild of the Episcopal church met at the home of Mrs. E. A. Preble at her home, 917 Florida street, this afternoon. The ladies discussed various church affairs after which a reading was rendered by Mrs. E. H. Harlow.

At a late hour in the afternoon refreshments were served by the hostess. No arrangements have thus far been made as to where the ladies of the Guild will hold their next meeting.

PROGRESSIVES ARE FAR BEHIND

REPUBLICANS LEAD IN JANUARY REGISTRATION

Republicans	98,935
Democrats	51,242
Progressives	61,040
Socialists	14,214
Prohibitionists	8,409
Declined to state	19,846
Progressive Republicans	111
Independent	354
Miscellaneous	93
Total registrations	254,244

With the Progressives exerting their utmost efforts in registration for the first month of the year, the totals shown by the January reports filed with the secretary of state by the county clerks in every county of the state show a total registration of 254,244, of whom 98,935 are Republicans and but 61,040 are Progressives.

While it is acknowledged that the greater portion, if not all of the officeholders under the Johnson administration have registered as Progressives during this first month, it is conceded that Progressive registration will fall off from this time on and that the old party will forge ahead steadily until the time of the closing of registration arrives.

The figures for the month's registration show that the Democrats are less than 10,000 behind the Progressives, and that there is a strong Socialist registration of 14,214. The Prohibitionists have registered 8409, and 19,846 have declined to state their party affiliations.

That the Spreckles Progressive Republicans believe that the good of the Republican party demands that they and the state central committee work along the same lines was the statement made late yesterday by one of the Spreckles lieutenants. The conference at Stockton, while attended by many proxies, had but a small attendance in the flesh, and the success of the Republicans at Santa Barbara has shaken the faith of the Spreckles performers in their programme.

Though the Spreckles organization demands the election of Progressive Republicans to office in the coming election, the aims of the Republican state central committee are no less strong for such nominations. It is predicted by those in close touch with the situation that within a short time the state central committee and the Progressive Republicans will be united and working along the same lines for the success of the old party.

As the politicians at the national capital see it, there is war to the knife on between Governor Hiram Johnson and Representative William Kent over the senatorial fight for the Progressive nomination. The news of Chester Rowell announcing himself as a candidate for the senatorial nomination is taken in Washington to mean that Johnson and Kent have broken and there is to be a strong fight between them in the coming campaign.

It is the opinion in Washington that Rowell's entry into the arena will further complicate the Progressive muddle in California. It is reported that Kent has begun to marshal his forces for the war which is to be fought with Johnson.

Interest in Democratic ranks centers over the possibility of the removal of Chairman J. O. Davis of the Democratic state central committee, as he is a Federal officeholder. It is reported that Secretaries McAdoo and Houston, while they were here recently, intimated that the unwritten law established by President Cleveland, that national and state politics should be divorced, must be adhered to, and that Federal officials must give up positions of state and county committees wherever they held such.

While Davis has denied that there will be any reorganization of the Democratic state central committee, it is stated by the other faction of the Democrats that unless he resigns from his position as chairman, that a movement will be started to remove him. It is contended that Davis has recommended all the postmasters that it is possible to appoint, and that there is nothing specially left for him to do as a state political official.

RUSHING WORK ON PORT COSTA SLIPS

PORT COSTA, Feb. 11. — Two hundred and fifty men are atwork on both sides of the straits at this point engaged in the construction of the new Southern Pacific ferry slips. Foreman of Construction M. H. Comstock has put all the local force to work and has engaged others from San Francisco in the effort to hasten construction. The newer ferryboat will be launched during the first part of next month from the Oakland ways where the giant of all ferryboats is nearing completion. Thirty-six flat cars ladened with machinery to be placed in her hold after her launching are parked along the tracks ready for the transfer of their loads to the big steamer. The Contra Costa will be the most powerful ferry steamer in the world. She is fifty-two feet longer than the present steamer.

NEW CLEANING COMPANY IN TOWN

H. G. Young, of the Marshall Steel Dyeing and Cleaning company, of Berkeley, has opened offices at 821 Macdonald avenue in the rear of the city architect's office.

Young is well known in this city, having formerly been connected with the Snow Dye company, when they operated a branch office in Richmond.

X. Y. Z. DANCE TO BE SWELL EVENT

The members of the X. Y. Z. club have completed arrangements for the giving of another dancing party in Sequoia hall on the evening of February 21st.

The decorations which are to grace the ball room for the coming dance will be somewhat of a novelty in that they will be crepe paper cartoons of prominent Richmond people. The committee which has charge of the dance is composed of Billy Muscheid and Percy Jones.

GOOD PASTRIES PLEASE HUBBY

"Why, Helen, what in the world have you got here—are you starting a bakery?"

"No, Mary, but ever since I have been buying pies and pastries at the National Bakery, on the corner of Nevin avenue and Ninth street, Geo. never seems to get enough. He says they're better than I make myself. It suits me all right because I get out of the work of baking."

"I am going right down to that bakery now, Helen, and see if I can get something to please that particular hubby of mine." —advt

EXPRESS RATES LOWERED ON MARCH FIRST

The reduction of express rates by the State Railroad Commission, whereby the Wells Fargo Express Company was ordered to prepare new schedules affecting thousands of marchandise items, will go into effect on March 1. The Commission has refused to postpone it any longer.

During the next six months the Wells Fargo Company will keep, in seven principal cities of the State, a record of shipments and earning to be later compared with the revenue that would have risen through the prevailing rates. At the end of that period the Railroad Commission will render a final decision that will govern express shipments in California.

Some alterations in the schedules first ordered have been made to adjust State rates to the interstate tariffs recently fixed by the Interstate Commerce Commission.

According to the Railroad Commission's estimate, the saving to the shippers of California will amount to 5,750,000 per year. The traffic records ordered between March 1 and November 1 will be kept in San Francisco, Sacramento, Stockton, Fresno, Los Angeles and San Diego.

In order to compete with the parcel post system of the government Wells Fargo & Co., has announced the following features of the new express schedules to go into effect by the first of the month:

You can ship small packages at greatly reduced rates.

Express service is now rendered for a single charge regardless of the number of companies handling your shipment.

Coffee, tea, and canned goods are instances of food products which will travel hereafter at nearly 50 per cent less than ever before.

The minimum charge on food products carried at 75 per cent of first class, formerly 25c., will be 25c. Formerly minimum merchandise of 25c. is reduced, in many cases, to 21c.

Insurance over and above the $50 which is free, will cost far less in the majority of cases than before.

The express companies assume liability for goods damaged in transit. Remember that the express companies' insurance covers damage in transit as well as loss.

Here are a few other advantages offered by the express company to shippers:

Collection from your business door-step.

A receipt for your shipment.

Fire insurance up to $50.

Quick transportation in special express cars—on passenger trains. Often by fast special express trains.

Choice of shipping prepaid or collect.

The privilege of examination of C. O. D. shipments.

Why do your wear glasses?
No one under 40 years of age should have to wear a reading correction.
A deficiency of nervous energy makes the demand, a correction that conserves the waste and is what you need and you should wear it constantly.

ARRANGEMENTS FOR BIG PLANNING EXHIBIT READY

Arrangements for the big city planning exhibit that the Oakland City Planning committee will bring from New York are practically completed. Appropriations have been secured from all the east bay cities, from San Leandro to Richmond, to prepare their drawings and particularly to get up a model of harbor development, with special reference to the Rees plan.

The committee is composed of Mayor Frank K. Mott, of Oakland, Mayor Frank Otis, of Alameda, Mayor Charles D. Heywood, of Berkeley, Mayor Hugh Craig, of Piedmont, Mayor Otto R. Ludewig, of Richmond, N. H. Weilbye, C. W. Dickey, Joseph H. King, A. S. Lavenson and W. H. Leimert of Oakland, Duncan McDuffie, of Berkeley, J. E. McDowell of Alameda, J. C. Owens, of Richmond, and C. H. Cheney, secretary.

The exhibit, which is now on its way from New York, and which will be shown in Oakland March 12 to 22, include thousands of fine photographs, drawings, models, diagrams, and placards, showing what the foremost cities of the world, large and small, have done to solve their city planning problems. For instance, some cities may have made elaborate studies of harbor problems, and as many photographs and drawings as possible have been obtained from these cities to show how these problems were solved. Others have civic centers and wide, diagonal streets, or have been particularly successful in handling much-needed street openings or in providing parks and playgrounds. Wherever there was something to be learned the New York City officials who organized the exhibit sent for information, and particularly for visual representations.

Secretary Cheney said yesterday: "Seeing is believing. When city officials and citizens can have before them actual photographs and other true delineations of how most of the progressive cities of the world have actually done things, it will be much easier to decide upon what improvements Oakland and the other bay cities need and also to suggest the best way to go about getting them.

"City planning is municipal forethought and would provide a scheme of development for the city's growth and the country's growth for a generation ahead, in order that every expenditure of public money, every effort of improvement clubs or other civic organizations may all pull together toward a finished end.

"The present growth of American cities is wastefully haphazard, with utter lack of any co-ordination, and in many cases has resulted in tying up the streets, transportation, housing conditions, etc., into a knot which takes millions of dollars to unravel and straighten out. City planning merely proposes to look into the future and save the costly business of correcting mistakes, and to solve our present difficulties as soon as possible. City planning does not mean the immediate expenditure of heavy bond issues and the like. It would rather find a way to make these expenditures pay for themselves, as by the law of excess condemnation, above all by planning ahead.

"It is to visualize the possibilities to the people in general and to the east bay city officials in particular that the Oakland City Planning committee is bringing out this great exhibit. The hearty co-operation of all the east shore cities particularly in the proportion of the local exhibits, showing what improvements and solutions of traffic and housing problems, etc., these cities now have in mind, in order to compare them with what other cities of the world already have successfully experimented upon, will give every opportunity for a thorough understanding of City Planning here. The exhibit will be a great step forward, and will put California in the forefront of municipal progress."

COUNTY GETS SPACE FOR BIG FAIR BUILDING

MARTINEZ, Feb. 11.—Four thousand feet of space in the California state building have been secured by Commissioner John Bermingham for the Contra Costa display at the Panama Pacific Exposition.

This allotment was made yesterday afternoon by the exposition directors and meets in full the demands made by the county's representative to insure room for setting forth the varied resources of Contra Costa to the best advantage.

On the main floor and on the main promenade 40 feet in width and abutting upon a transecting aisle within short distance from the grand entrance to the building Contra Costa will set forth its exhibits in an area of a square 40x72 feet and an "L" 10x29 feet. It adjoins Lake county and about it are the aggregate displays of the Sacramento counties, occupying 20,000 square feet; San Joaquin counties, 18,000 feet; Southern California, 25,000 feet, and the central coast and northern coast counties.

Contra Costa is one of the few subdivisions of the state that has elected to enter the exposition alone.

In addition to space on the main floor the county is also given an area of 30x20 in the gallery where offices, rest room for women, smoking room for men and lavatories will be established and a lady attendant provided.

The building will be ready for occupancy in November when the valuable and attractive displays maintained by the county in Oakland and San Francisco will be removed to the space allotted.

The charge for the space is $2.50 a square foot but most of this will be borne by the big industries of the county which are to maintain exhibits in the Contra Costa display.

Mr. Bermingham urges the formation of a Contra Costa Chamber of Commerce representative of all sections of the county to work for the levy of the special advertising tax to provide excursions and other means of bringing this county to the attention of visitors during the exposition era.

"We should stop our bickering," declared Mr. Bermingham, "and act like sensible people bent upon taking every advantage offered by the exposition to benefit this county."

RICHMOND STORE HELPS GIRLS

One of the most sensible of all school regulations that are in force in many of the cities of the state, is that of simplicity of dress, particularly for graduation purposes. The young ladies who are the first to rejoice in this order of affairs, for it vindicates them of the false charge of annoyance against their sister of more modest means, so they joyfully hail the "equality" of dress.

The dry goods store of Jones & Adkison has made elaborate plans to furnish these dresses to the girl graduates, by securing almost every kind of simple white material suitable for the purpose. Dotted Swisses, Flaxon Dimities in cross bar and stripe pattern; plain white crepe and many other materials may be had at a most reasonable price.

Mr. Walker who is in charge of the dry goods section of the store, would be glad to show any of the women folks what beautiful garments may be made at a very low cost. There need be no worry over the matter of dress for the bugbear of "cost" since the idea of "how expensive a dress can I afford" has changed to an expression of "how simply can I dress and present a neat appearance." Not only will the young ladies find suitable materials to their liking but the many little dress accessories may be had here at a very small cost if we can judge by the wonderfully pretty and low priced materials and articles that were shown to a Record-Herald reporter. An early visit to the store will be most profitable to mothers of girls.

WILL CURTAIL EXPENSE OF OWENS' RECALL

MARTINEZ, Feb. 11—To hold the Owens' recall election at the least possible expense to the taxpayers of the county is the problem that now confronts District Attorney A. B. McKenzie. The latter favors the consolidation of precincts so as not to cause any inconvenience to voters and at the same time dispense with many of the officials at voting places that are required where the ballots are longer than they will be at the forthcoming election. The plans for curtailment of expense and consolidation of precincts have been submitted to Attorney General Webb by Mr. McKenzie for his approval before the ordinance and election proclamation is submitted for the action of the board of supervisors.

DR BLAKE IS NOW PROBATION OFFICER HERE

Together with his other multitudinous duties in the way of analyzing milk, looking after rabid dogs and keeping a weather eye open for the health of the big city of Richmond, Health Commissioner C. R. Blake has had more honors and hard work thrust upon him. He is now deputy probation officer for this city, having received his appointment the first of the week from the hands of Probation Officer McMahon, of Martinez.

All violators of the law now out of the penitentiary on parole will have to look out for Dr. Blake for he will have immeidate charge of these fellows and will receive reports as to their behavior from time to time. Dr. Blake was loath to receive the appointment, but was prevailed upon by the county authorities to accept as he is considered the best fitted in this city for the position.

Every meeting is a rousing meeting to the Partisans who manage to keep awake.

You can always depend on the reporters to dig up some man of mystery.

BE PRETTY! TURN GRAY HAIR DARK

Look Young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is musay and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

KNIGHTS OF PYTHIAS GOLDEN ANNIVERSARY TO BE OBSERVED

The 13th of February is the fiftieth or golden anniversary of the order of Knights of Pythias. Public celebrations in commemoration of the birth of Pythianism will take place throughout the supreme jurisdiction and in every city where the order has a subordinate lodge.

Under the auspices of the Supreme Lodge and its officers a three-day's celebration will be held at the city of Washington, D. C., the place where the first lodge was instituted. At this celebration President Wilson, Vice President Marshall and Secretary of State Bryan will be among those who will participate in the jubilee exercises.

From a humble beginning in Washington 50 years ago, when 13 men took the obligation of Pythian Knighthood, it has grown until 750,000 men are enrolled upon the roster of almost 8,000 subordinate lodges in the United States and Canada, with a few scattering lodges elsewhere. There are 54 grand domains working under grand lodge organizations and 19 Pythian districts working directly under supreme lodge authority. The order is in a fair way to reach the million mark in a short time.

In commemorating the anniversary of 50 years of fraternal work in the field of humane endeavor public expression is given to the teachings and principles of the order so that the word may know what Pythian Knighthood means and what it stands for. Pythian Knighthood had its conception in the exemplification of the life test of true friendship existing between Damon and Pythias.

Cardinal Principles

The order of Knights of Pythias—founded in friendship, charity and benevolence, which it proclaims as its cardinal principles—strives to gather into one mighty fraternity worthy men who appreciate the true meaning of friendship; who are cautious in word and act; who love truth; who are brave in defending right; whose honor is unstained; whose sense of justice will prevent, to the best of their ability, a personal act or word injurious to the worthy; whose loyalty to principle, to family, to friends, to their country and the constituted authority under which they enjoy citizenship, is undoubted; and who at all times are prepared to do unto others as they would that others should do unto them.

The Local Lodge

The members of Richmond Lodge No. 13, Knights of Pythias, will observe Friday, February 20th, as the golden jubilee of the order instead of the 19th. Elaborate preparations are under way for the event which is to take place at Pythian Castle, on Fourth street, under the direction of Supreme Representative Robert Burns, the local attorney and head of the California Home Building company, of this city. The program for the event has not as yet been made public, but the local Knights anticipate a big time on the evening of the affair.
